Dear Sir,

Sub: Disclosure under Regulation 30 of Securities and Exchange Board of India
(Listing Obligations and Disclosure Requirements) Regulations, 2015 –
COVID 19 Intimation

Since the COVID-19 pandemic outbreak, the Company has put in place adequate safety protocols, to protect its employees and workmen, their families, and the eco system in which they interact, while at the same time ensuring business continuity. At the same time, the company has been following the directives of both the Central and State Governments.

Government of Uttarakhand had, on 22nd March 2020, issued the order for the lockdown of non-essential services in the State, which inter-alia required factories to close their operations till 31st March 2020. Accordingly, the company had commenced activities to shut its Pulp and Paper mill operations from 6.00 am on 23rd March 2020 and has achieved complete closure. However, this is being an ever-changing situation we are keeping a close watch.

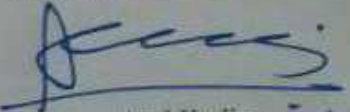

Further, Government of Gujarat had, on 23rd March 2020, issued the order for the lockdown of non-essential services in the Bharuch District and imposed section 144 across the district. The district administration has not yet mentioned any specific directions for closure of factories, however as a matter of abundant caution we have decided to close our entire Textile plant operations, in Jagadia from 8.00 a.m of 24th March as our commitment towards society to prevent the spread of Covid-19 pandemic outbreak. We will continue to review the situation from time to time.

Also, following the orders of the Government of Maharashtra & Karnataka, the company has also stopped construction activities at its Kalyan Residential project – Birla Vanya and Bangalore Residential Project – Birla Alokya

The above is for your information please.

Thanking you,

Yours truly,
For Century Textiles and Industries Ltd.,

Atul Kedia
Company Secretary
