Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to
The Board of Directors
Century Textiles and Industries Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Century Textiles and Industries Limited (the "Company") for the quarter ended June 30, 2021 and year to date from April 1, 2021 to June 30, 2021 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

OUTLOOK

PULP AND PAPER BUSINESS

Considering the present economic environment and the uncertainty over the third wave, the short to medium-term outlook for the Indian paper industry appears to be volatile. WPP will face some challenges till the educational institutions, offices etc, reopen. The Packaging Board segment is likely to see sustained high demand going forward. An increase in tissue per capita consumption is expected due to rising health & hygiene awareness.

REAL ESTATE BUSINESS

Economic activity is expected to gain momentum over the coming quarters, led by favourable monetary conditions, abundant liquidity, and optimism from the vaccine rollout. Preference for greener, safer, larger, and low-density living would be predominant. Changes brought forward by the pandemic in terms of sales, digitization and predisposition towards branded developers would accelerate the growth of the sector.

TEXTILES BUSINESS

The upcoming festive season should introduce a new normal for this segment. The business is expected to accelerate between Aug to Dec this year, in both the domestic as well as the export markets. Online players will have better spread and lesser risks. Sustainable and health care products will show a rise in demand.
